Toilet Training Policy

Children enrolled must be toilet trained before attending Summer Camp. Children must be wearing underwear. A child having accidents daily would not be considered toilet trained. Please note that wearing pull ups is NOT considered toilet trained.

Why do children have to be toilet trained before they begin Summer Camp?

- There are strict standards for changing and disposing of wet or soiled diapers/pull ups and our facilities are not equipped.
- When a counselor is changing a child's soiled clothing, it is taking away from all campers and activities they may be enjoying, and it removes one counselor from the direct supervision of and interaction with the rest of the group.

We do understand that even toilet trained children will occasionally have accidents. By definition "accidents" are unusual incidents and should happen infrequently. In these instances, the counselors will not be able to help children to change their clothes, we encourage independence as much as possible.

A toilet trained child is a child who can do the following:

- Communicate to the counselors that they need to use the restroom before they need to go
- Alert themselves to stop what they are doing, to go and use the bathroom
- Pull down their clothes and get them back up without assistance
- Wipe themselves after using the toilet
- Get on/off the toilet by themselves
- Wash and dry hands
- Postpone going if they must wait for someone who is in the bathroom or if we are away from the facility

This is an issue which protects all concerned. It is not uncommon for a child who is fully toilet trained to have a setback when they are in a new environment. Please have your child dressed in clothing that they can easily manage independently. Please send a complete change of clothes appropriate for the season. These should be labeled in their backpack in case of accidents. Parents will be notified if a child has a toileting accident. We understand that each child arrives at this milestone differently. However, if the situation is not manageable within the camp environment, we will discuss the issue with the parents and reserve the right to suspend attendance of the child at such time. A child will not be considered toilet trained for our Summer Camp program if the child continues to consistently have toileting accidents after the first week of camp. After the first week of camp, the following policies will be in place for children who have accidents:

- If one or two accidents occur in the first couple of days, the parents will be notified with the understanding that the issue needs to be addressed and corrected.
- If multiple accidents occur in one day, the parent will be notified on that day; and will have to pick child up from camp.

Toilet Training Policy

Please note that this policy is not in place to shame or punish a child or inconvenience primary caregivers. Rather, cleaning accidents in the camp setting is time consuming, and this time that counselors spend attending to and cleaning accidents is time that they are not spending interacting with children and facilitating in a safe manner. This policy is intended to ensure the safety and happiness of children and staff in the Berwyn Park District. Thank you for your cooperation and understanding.
